Suleyman Sah Doruk Koncagul

UX/UI + EXPERIENCE DESIGNER

East Lansing, MI · koncagu2@msu.edu · +1 (517) 512-5427 · LinkedIn · Portfolio · GitHub

UX/UI and Experience Designer specializing in user research, information architecture, and accessibility. I turn complex workflows into clear, scalable digital experiences with Figma prototypes, reusable components, and implementation-ready handoffs.

EDUCATION

Michigan State University, College of Arts & Letters, East Lansing, MI — Graduated July 2026
B.A. Experience Architecture — UX/UI, information architecture, accessibility
GPA: 3.4/4.00

RELATED EXPERIENCE

Michigan State University, East Lansing, MI — Fall 2025
UX / Product Designer — D2L Learning Platform Redesign

- Collaborated on an LMS redesign: mapped student journeys and explored navigation for assignments, deadlines, and course content.
- Simplified assignment and content workflows to reduce cognitive load on dense, high-information screens.
- Delivered wireframes, high-fidelity Figma prototypes, and reusable components with implementation-ready handoff specs.

Michigan State University, East Lansing, MI — 2025
UX Designer — MSU Arts Website Redesign

- Audited accessibility and navigation against WCAG-aligned criteria, then redesigned structure for readability and flow.
- Rebuilt content hierarchy so programs, events, and stories are easier to find on a content-heavy site.

Michigan State University, East Lansing, MI — 2025
UX / Interaction Designer — Data Visualization Dashboard

- Designed hierarchy, filtering, and progressive disclosure patterns for dense operational datasets.
- Prototyped scan-then-drill-down interactions so people can read the overview first and go deeper only when needed.

Getir Storehouse, Çanakkale, Turkey — Jun 2023 - Aug 2024
UX / Operations Intern

- Studied high-volume fulfillment workflows and identified usability issues that slowed speed and accuracy.
- Mapped internal dashboard flows and clarified navigation so frequent operational tasks were easier to complete.
- Turned research into UX recommendations and a clearer UI structure with cross-functional stakeholders.

OTHER EXPERIENCE

Community Space UX Research, East Lansing, MI
Human-Centered Design Researcher

- Conducted interviews and surveys, then synthesized findings into opportunity areas and experience recommendations.
- Developed concepts centered on accessibility, inclusivity, and how people arrive, belong, and participate.

SKILLS

Research & IA: User research, usability testing, information architecture, user flows
Design: Wireframing, prototyping, interaction design, accessibility (WCAG), design systems
Tools: Figma, FigJam, Adobe CC, HTML/CSS, JavaScript
Languages: Turkish (Native), English (Professional), German (Basic)
Focused on AI-driven products and making complex, data-rich systems easier to use.
